# CREATIVE ENGINEERING

To be innovative is to see beyond the obvious, it is to make better and search for new solutions. It is our motivation, our mood. We know the market and we want to go further. We are demanding. We have the team, the technologies and the know-how, and our goal is to exceed expectations.

Pedro Mendes / Chief Executive Office

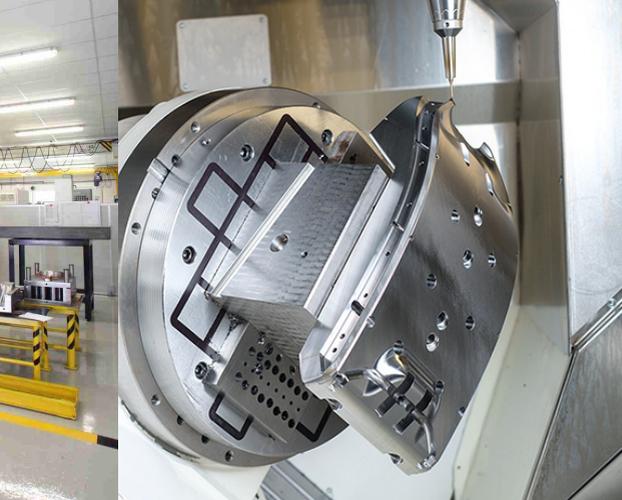

## MAKING THE DIFFERENCE

---

PMPM is a Portuguese company which develops solutions and gives service consulting in the moulds and plastic fields. Resulting from the wish of making the difference, with an experienced and specialized team, the success of this project comes from a strong motivation of its staff, of a constant training and investment in technologies, a desire for innovation to make the difference in a global and extremely competitive market.

## FROM THE IDEA TO THE RESULTS

As a result of its growth strategy, flexibility and demand for accuracy and exactitude, PMPM is present today not only in the European market, but also in Asia, Africa and America. A bet in the distinction and specifications of its services, an adjustment to the needs and dimension of its clients, PMPM provides a complete service, from the first idea to the final product

## BUILDING THE FUTURE

The wish to keep improving, with an investment in new technologies and consistent given proof after all its lifetime, makes PMPM a solid company and one that is ready to take on new challenges.
